

Cold Steel's oversigt over Spirit Stencil papir.

Da køb af Spirit™ stencilpapir kan være en Jungle, har vi her lavet en oversigt over alle typer som der findes. Desuden en oversigt Spirit™ Transfer Cream & deres nye Thermal printer. Der er direkte Link til siden i vores shop hvor du kan købe dem.

Disse her er til alle printer/thermal printer. Men kan også bruges i hånden med pen.

THERMAL PAPERS AND ACCESSORIES

SPIRIT™ CLASSIC THERMAL

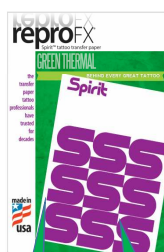

Direkte link til Køb.

Samme men i extra længde på 36 cm.

- Compatible with all thermal printers
- Consistant, high quality images
- Skin safe & shelf-stable

ReproFX Spirit™ Thermal Tattoo Transfer Papers are made for the professional artist. From our high visibility purple dyes to our ripstop stencil sheets, we use only the highest quality materials. Every time we manufacture, we test to ensure that the finished product meets our standard for excellence; if it doesn't, we don't sell it. And we manufacture everything here in the United States, just like we have since

SPIRIT™ GREEN THERMAL

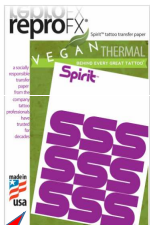

Direkte link til Køb.

Samme men i extra længde på 36 cm.

- 1st ever green colored thermal
- Great visibility on dark skin tones
- Compatible with all thermal printers

ReproFX Spirit™ Thermal Tattoo Transfer Papers are made for the professional artist. From our high visibility green dyes to our ripstop stencil sheets, we use only the highest quality materials. Every time we manufacture, we test to ensure that the finished product meets our standard for excellence; if it doesn't, we don't sell it. And we manufacture everything here in the United

SPIRIT™ VEGAN THERMAL

Direkte link til Køb.

- Only VEGAN transfer paper
- Never tested on animals
- Compatible with all thermal printers

ReproFX Spirit™ Thermal Tattoo Transfer Papers are made for the professional artist. From our high visibility purple dyes to our ripstop stencil sheets, we use only the highest quality materials. Our Vegan papers use vegetable derived wax blends and we only purchase raw materials from vegan sources. Every time we manufacture, we test to ensure that the finished product meets our standard for excellence; if it doesn't, we don't sell it. And we manufacture everything here in the United States, just like we have since 1948.

REPROFX CARRIERS

A16044 (Blue) A16045 (Clear)

Our ReproFX Carriers have been developed to improve the quality of "burns" on thermal style transfer machines by evenly spreading thermal energy over the entire ReproFX Spirit Thermal Transfer Paper. Many old machines like the 3M

Secretary- develop hotspots as they get older; our Carriers have been proven to reduce over- and underexposure on these machines, allowing tattoo artists to get even and clear stencils every time.

Always use a ReproFX Carrier on thermal machines.

Clear Carriers are recommended for use with [Panenka Machines](#)

SPIRIT® CLASSIC THERMAL ROLL

AR100

- 100 continuous feet of Spirit® Thermal Paper!
- Compatible with all thermal printers
- Consistant, high quality images
- Skin safe & shelf-stable

Reprofx Spirit® Classic Thermal Roll is made with the same high quality dyes and stencil transfer paper of our box of Classic Thermal sheets, but now is available in a continuous 100 foot roll. The Spirit® Classic Thermal Roll allows artists to custom cut the size of stencil needed, as long or as short, saving artists time and money.

Always use an Extra-Long Reprofx® Carrier with the Spirit® Classic Thermal Roll in Thermal Machines.

Disse her er til håndstencil hvor du tegner med en pen, kan ikke bruges i printer.

FREEHAND TRANSFER PAPERS

SPIRIT™ CLASSIC FREEHAND

Direkte link til
Køb.

- High degree of control while hand drawing stencils
- No tools or printers needed to create a high quality stencil
- Quality dyes stay visible on skin

ReproFX Spirit™ Freehand Tattoo Transfer papers are designed for those one of a kind pieces. We took the high visibility purple dye and suspended it in a truly unique was matrix. This wax blend is butter smooth and extremely responsive to pressure, which allows artists to introduce extreme detail to their stencils. And the ripstop stencil sheet stands up to the most aggressive tracing.

SPIRIT™ GREEN FREEHAND
